

Training Cards — easy shots

Cut these out. Each card shows a shot and its answer. Use them to train Ref-Bot in Round

Tricky Cards — close calls and a blurry one

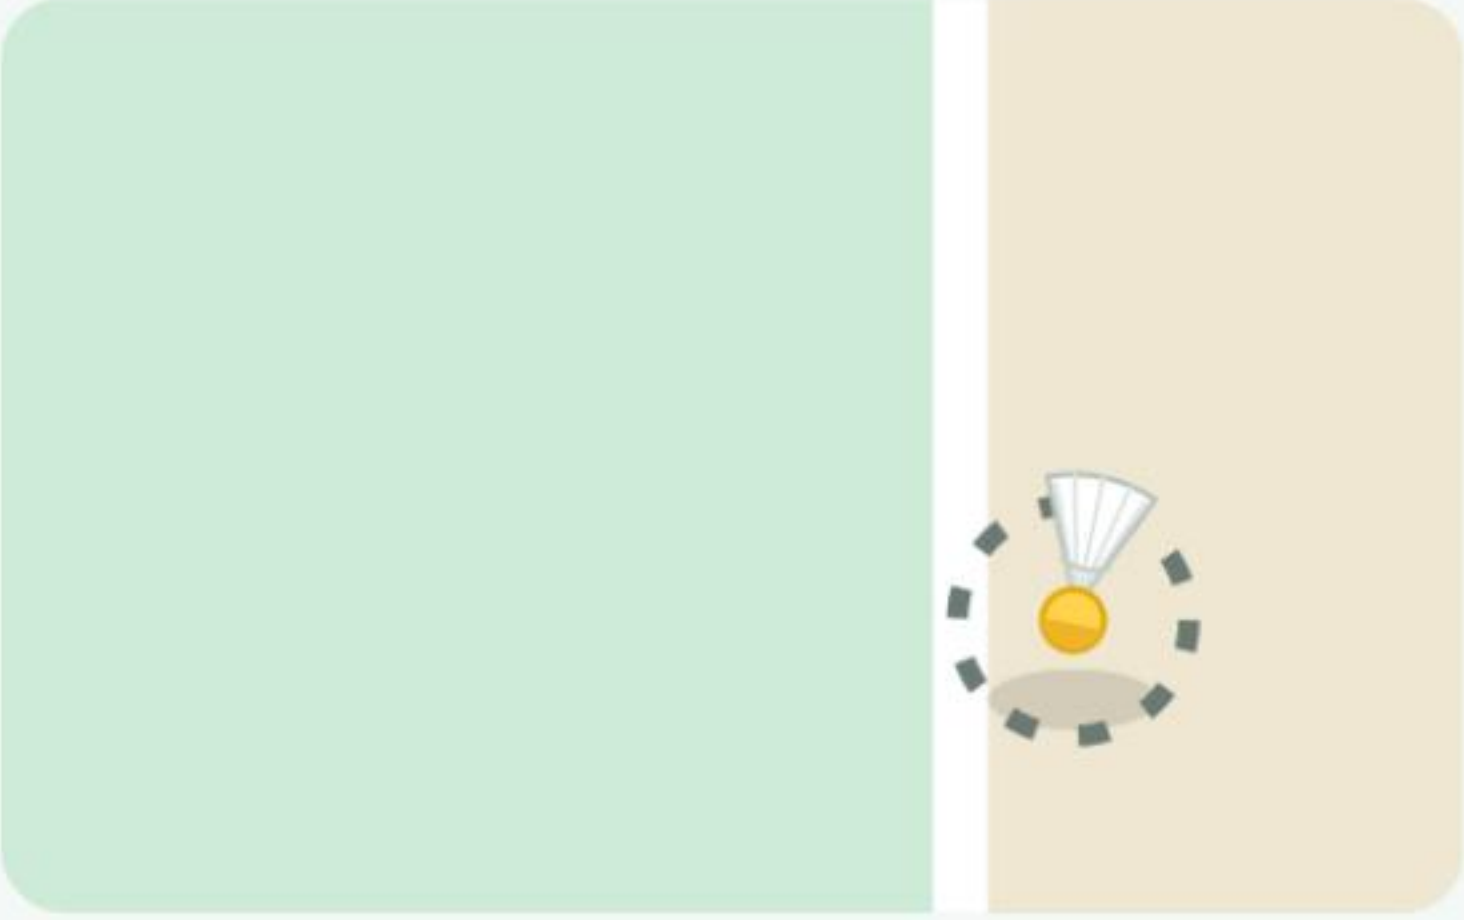

Add these in Round 3 to fix Ref-Bot's bias. The blurry card shows why good, clear examples

Round 4 tip: take ONE “OUT” card and cover its label with an “IN” sticker to make a wrong-label exam

Test Cards — you decide!

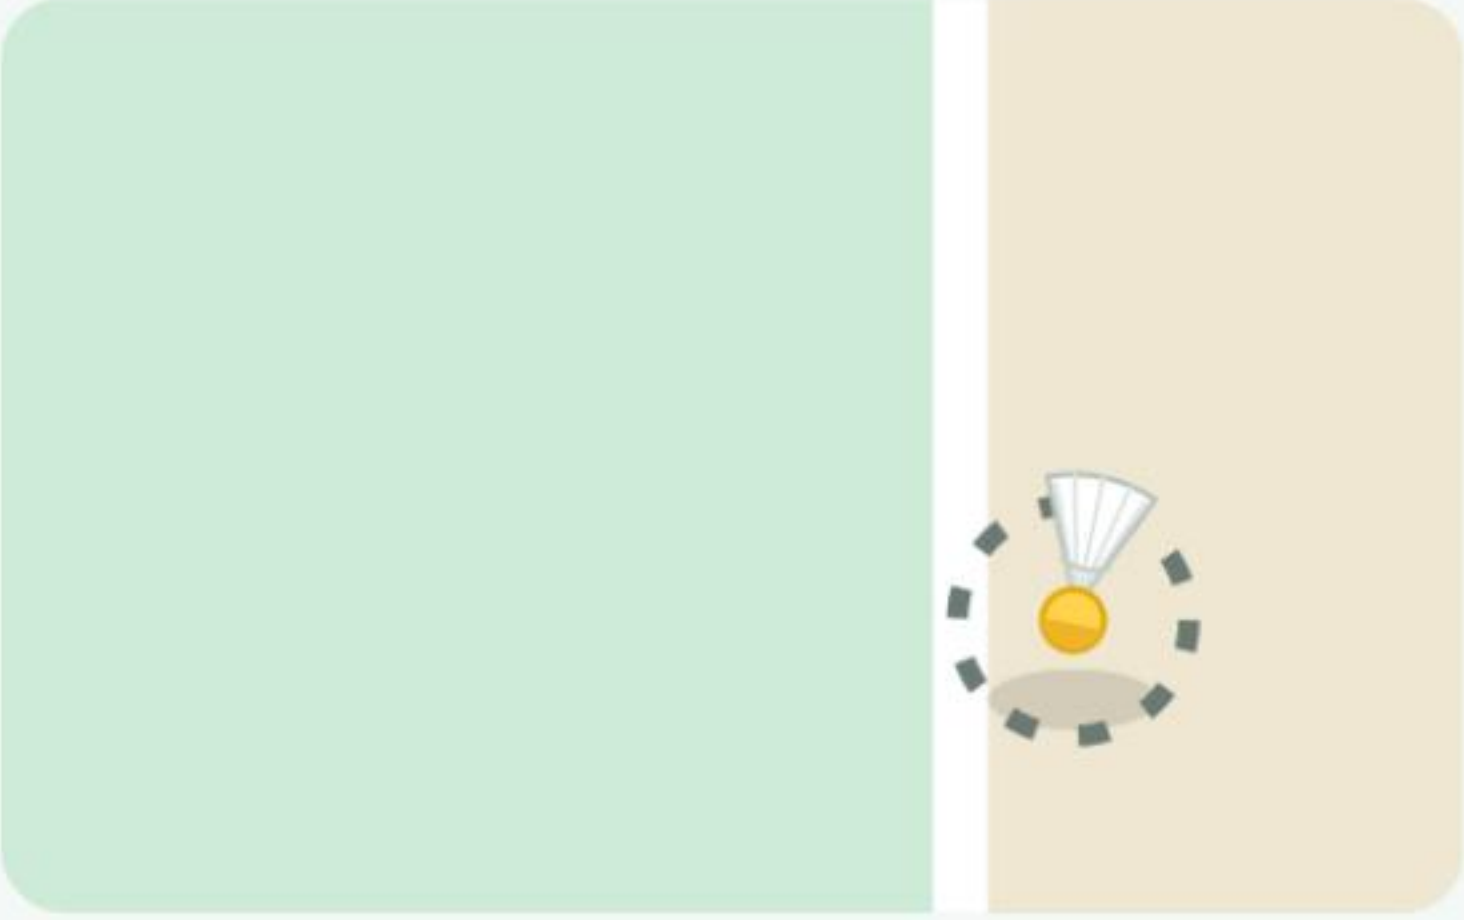

These have NO answer. Show them to Ref-Bot to TEST it. Keep them in a separate pile from

Role Badges

Print, cut, and give one to each role. Fold or tape as a headband or hold it up.

REF-BOT (the AI)

I only copy the answer from the most similar card.

TRAINER

I show Ref-Bot the example cards.

CHECKER (the human)

I check Ref-Bot's calls and fix the wrong ones.

Everyone who is not Ref-Bot or the Checker is a Trainer. Rotate roles between rounds so everyone has
